

DEMONS OF FEARS

**“Tell them that they give
life to their fears”**

Jesus Christ, Feb 2012

As a young person I enjoyed horror movies. I believe I received this interest from my mother. I remember as a teenager when “The Exorcist” with Linda Blair, was playing at the movie theatre. I had asked my mother if I could go with her to watch the movie and she adamantly said “no.” Years later she revealed that that movie frightened her for a long time.

Periodically growing up, even in my younger days of Christianity, I knew to “not put evil before my eyes.” I had learned that in this world we live in, there are beings moving about that I couldn't see; things happening that I wasn't aware of.

Many years ago I had watched the movie, “The Ring.” I knew that I shouldn't have, but I did it anyway. I felt a “pull” and a desire to watch it. I had ignored God's warning in His word and decided to do as I desired and watch this movie.

I remember so vividly...it was night

and I was in my bedroom about to retire for the night when I saw a demon...the demon of the girl that was murdered in the movie. She was crawling on the floor right next to me.

Swiftly and boldly I bound and rebuked the demon, then sent it away. I repented to God for rebelling against Him. My rebellion and desire to watch this horror movie opened the doors of hell-demonic portals to attempt to hinder and harm my own life and that of my family. But thanks be to God for forgiving me and equipping me to spiritually know what to do.

I stopped hell right in its tracks! Then cleansed my home of all satanic and demonic beings.

When I was watching this movie, I had felt an odd desire or urge to continue to watch it. I was fearful and jumped at certain parts of the movie as we do when something scary occurs.

The demons we create when we're fearful are actually there and are there to hinder and harm us and our family. We cant see them unless they manifest.

Horror movies are used as portal devices or entry-ways for demonic beings to be created and enter into our life.
