

# OVERCOMING FEARS

*“There are some there who have fears daughter...cast them out”*

Fear in the Strong's Concordance is defined as, "anxiety caused by approaching danger."

Fear is a "crippling" disorder and infects every aspect of a persons life. Crippling in the aspect of strongly hindering a persons movement to go forward, to abound, and to prosper. Fear stops us from overcoming and conquering.

There are many various types of fears and fears can develop in a multitude of ways. Any situation in our life that caused anxiety can cause a fear. Also, fears can be inherited. The type of fear can be different than that of the mother or father, but it's a fear nonetheless. For example, the mother can have a fear of spiders because of a situation that caused an anxiety which in turn caused the fear of spiders. The mother gets pregnant and during her pregnancy she encounters a spider which caused great fear to arise. This spirit of fear can pass through the umbilical cord to the unborn child-the child is born and has a fear which may not be prevalent

until the child gets older.

Fears or spirits of fear, can also be passed from the fathers sperm to the fertilized egg in the woman. The woman becomes pregnant and gives birth to a child that has a fear.

In a spiritual aspect, fears are modes satan uses to cripple or hinder and stop a person from being strictly obedient to the Lord. It stops the child of God from moving in the gifts of the spirit or in the anointing of God.

Apostle Paul talks about "pressing towards the mark of the high calling of God." Phil. 3:14. The Lord requires that we press and overtake what He has called us to. We can even press through fears to overcome fears. I did it.

A lot of what God called me to I had to press and "just do it." My desire was to please God no matter what and to believe and trust that He wouldn't leave me nor forsake me. That the only time in the Holy Bible that God wasn't with His people, was when they left Him, when they were rebellious towards Him. That's when they lost the wars, they were taken captive, when they didn't reach the promise land until forty years later. God was and is always with His people, those who are with Him. I believed that, and it serves true in

His word and in my life.

In pressing in fear, God delivered me, healed me, and anointed me to deliver and heal others from fears.
